

As part of the KWA Construction subcontracting process, subcontractors will be asked to submit their qualification information and documents listed below. ProQual has been contracted by KWA Construction to help facilitate this annual process and will provide you with a secure portal for your qualification document submissions.

### PROCESS STEPS:

- 1. Initial Communication from KWA Construction.** You will receive an email from [prequal@kwaconstructionplans.com](mailto:prequal@kwaconstructionplans.com). This communication contains information regarding this process and a personalized secure registration link for you to begin.
- 2. Login or Create Account.** If you currently have an account with ProQual for another client, you may log in using your existing account to complete the specific portion for KWA Construction. If not, you will need to create a user name and password.
- 3. Qualification Form Data Entry.** If you already have an account with ProQual for another client and have previously filled out this information, you will not have to fill this out again as long as you have done the following:
  - (1) you have logged in to your existing account vs creating a new ProQual account in step 2 above, and
  - (2) your existing online data is current.
- 4. Payment.** Once you submit your Qualification Form, you will then click "**View Requested Criteria**". You will be prompted to submit your credit card payment of \$110 for your annual registration with KWA Construction. You will receive an email payment confirmation receipt from ProQual upon payment.

Or if you choose, you will have the option to join the **Pantera Verified Network** where your membership includes your KWA Construction enrollment as well **as any current and future ProQual by Pantera Client qualifications**. Network member benefits and details can be found by clicking "Upgrade to Verified Network" from your qualifications form or at <http://www.panteratools.com/network>.

- 5. Document Submissions.** After payment, you will be directed to upload the documentation requested by KWA Construction. All items listed as "Waiting", "Incomplete" or "Expired" require your attention. Items requested include:
  - **Certificate of Insurance reflecting KWA Construction Requirements**
  - **W9, Signed and Dated**
  - **3 Years of OSHA 300A Logs**
  - **3 Year EMR NCCI Sheets or State-equivalent documents**
  - **Trade Licenses, if applicable to your firm**
  - **Consolidated Financial Statements (annual update requested)**
  - **Work in Progress "WIP" Schedule/Project Backlog Report (semi-annual update requested)**

ProQual will follow up with you to ensure a quick turnaround time. You will receive phone call and email reminders to submit "Waiting", "Incomplete" or "Expired" items. Your prompt response is appreciated.

Any questions may be directed to Holly Webster with KWA Construction at 214.978.0177 or via email to [hwebster@kwaconstruction.com](mailto:hwebster@kwaconstruction.com). Any concerns regarding participation in this program should be directed to Richie Keene with KWA Construction at 214.978.0177 or via email to [rkeene@kwaconstruction.com](mailto:rkeene@kwaconstruction.com).
